INTRODUCTION

AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeasten Directories, present to subscribers and the general public, this, the 1952 edition of the Wilmington City Directory, which also includes Audubon, Edgewood, Foxtown, Garden City, Highwood Park, Idlewild, Maffitt Village, Piney Woods and Winter Park. A new feature, the Numerical Telephone Directory, marks this edition.

Confidence in the growth of Wilmington's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Wilmington to the world. .

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Wilmington Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital, status, occupation and address of each adutlt resident of Wilmington and vicinity, and the name, official personnel, nature and address of each firm and corporation.

THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Wilmington and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Wilmington, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

THE NUMERICAL TELEPHONE DIRECTORY, a new feature, on blue paper, is the fifth major department.

Numerical Telephone Directory

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Wilmington and vicinity.

The Wilmington Directory Library

Through the courtesy of the publishers of the Wilmington City Directory, a Directory Library is maintained in the offices of the Wilmington Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Publishers.

WILMINGTON

THE LEADING PORT CITY OF NORTH CAROLINA
(Courtesy Wilmington Chamber of Commerce)

Statistical Review

Population—1950 U. S. Census, 45,043; estimate in 1951, 55,000.

Area—10.4 square miles.

Altitude—30 feet above sea level.

Climate—Mean annual temperature, 63.1 degrees F.; average annual rainfall, 53 inches. Nearness to Gulf Stream affords mild Southern climate, with 61% sunshine during winter months of December, January and February.

Parks—6, with total of 298 acres, valued at $100,000.

Assessed Valuation—$60,596,942, with $2 per $100 tax rate, at 60% valuation.

Bonded Debt—$5,442,500.

Financial Data—4 banks, with total deposits of $110,940,332.20 (including 1 bank with branches in other cities). Clearings of banks in Wilmington only, $467,855,720.33 (1950).

Postal Receipts—$459,032.18 (calendar year 1950).

Telephones in Service—17,342 (Aug. 31, 1951).

Churches—75, representing all leading denominations (Catholic, Protestant and Jewish).

Building and Construction—1,465 permits, with total value of $6,737,129, issued in fiscal year ended June 30, 1951.

Industry—134 manufacturers, employing about 10,350 workers, with an aggregate annual payroll of $21,528,000 in 1951. Principal products manufactured in the Wilmington Area are: Fertilizer, petroleum products, lumber and finished wood products, cement products, neckties, foundry products, steel tanks and boilers, men's shirts, ladies' underwear, paper, paper boxes, asphalt products, chemicals, ice cream and milk products, electric power and gas, beverages, cotton cloth and other textile products from the loom, printing and bookbinding, and other miscellaneous products.

Tourist Trade—Estimated 100,000 visitors and vacationists with an aggregate spending of $40,000,000 (January through December), because of famous flower gardens, annual Azalea Festival (early in April), 5 ocean beaches, annual Fishing Rodeo (July 1 through Oct. 31), and World's Largest Living Christmas Tree, through December, decorated with 5,000 multi-colored lights and several tons of Spanish moss (free to public).

Trade Area—Retail area extends 75 miles inland, with population of 400,000, with purchasing power of $213,631,000; wholesale area extends over 100 miles inland, with sales of $159,443,650 in 1950.

Newspapers—2 dailies, 1 Sunday and 1 weekly.

Hotels—3, with total of 450 rooms, within city. Also, several modern tourist courts and tourist homes, with total of about 300 rooms. Scores of other year-around hotels and cottages at nearby ocean beaches.

Railroads—2: Atlantic Coast Line and Seaboard Air Line.

Highways—U. S. 17, 74, 76, 117 and 421.

Airports—Bluethenthal (Wilmington-New Hanover) Municipal Airport, with three 7,000-feet runways (4 miles from business section).

Air Lines—National Air Lines and Piedmont Air Lines; passengers and freight on regular daily scheduled flights to and from all parts of the U. S., with overseas connections.

Amusements—9 moving-picture theatres including, 4 drive-in theatres, with total seating and automobile capacity of 16,000 patrons. Professional baseball team in the Tobacco League. 2 golf courses (18 holes each). 5 ocean beaches and nearby lakes, with excellent fishing, swimming, boating, etc.

Hospitals—4, with total of 525 beds.

Physicians and Surgeons—60; dentists, 25; chiropractors, 5; chiropodists, 2.

Education—25 public schools, including 2 senior high, 5 junior high, 1 vocational school and Wilmington College. Number of pupils in public schools of New Hanover County, 15,339. Also, 2 parochial schools.

Radio Stations—2. WMFD (ABC Network) operates on 1,000 watts (AM and FM), and transmits on 630 kc. and 96.3 meg., serving a radius of about 75 miles. WGNI (Mutual Network) operates on 250 watts, and transmits on 1,340 kc. over a radius of 50 miles.

City Statistics—Total street mileage, 115.7, with 88.91 miles paved. Miles of gas mains, 87.28; sewers, 89. Number of electric meters, 17,324. Capacity of municipal water works, 7,000,000 gallons; daily average pumpage, 5,125,000 gallons; miles of mains, 85; number of meters, 12,068; value of plant, $2,700,000. Fire department has 90 men, with 6 stations and 15 pieces of motor equipment. Value of fire department property, $270,589. Police department has 73 men, with 1 station and 16 pieces of motor equipment. Police cars are equipped with latest FM radio, having car-to-car and car-to-station facilities.

Aerial view of Wilmington, showing shipyard and other industrial plants in foreground; city and airport in background

Location

Wilmington, county seat of New Hanover County, is situated in the southeastern part of North Carolina, on the east bank of the Cape Fear River, about thirty miles from the Atlantic Ocean. This distance from the ocean is due to the fact that the Cape Fear River flows from Wilmington in a southeasterly direction. The distance from Wilmington to the ocean, via highway, is only twelve miles. Wilmington is approximately 200 miles from Charlotte, 135 miles from Raleigh, 190 miles from Charleston, S. C., and 265 miles from Norfolk. It is the principal deep-water port in North Carolina, with a 32-foot channel from ocean bar to Wilmington, distance of 30 miles.

Swimming and Beaches

Excellent swimming facilities are available at ten popular ocean beach resorts in the immediate vicinity of Wilmington and at nearby sounds. Beach resorts include Carolina, Wrightsville, Fort Fisher, Kure's, Wilmington, Long, Caswell and Holden's beaches.

Fishing

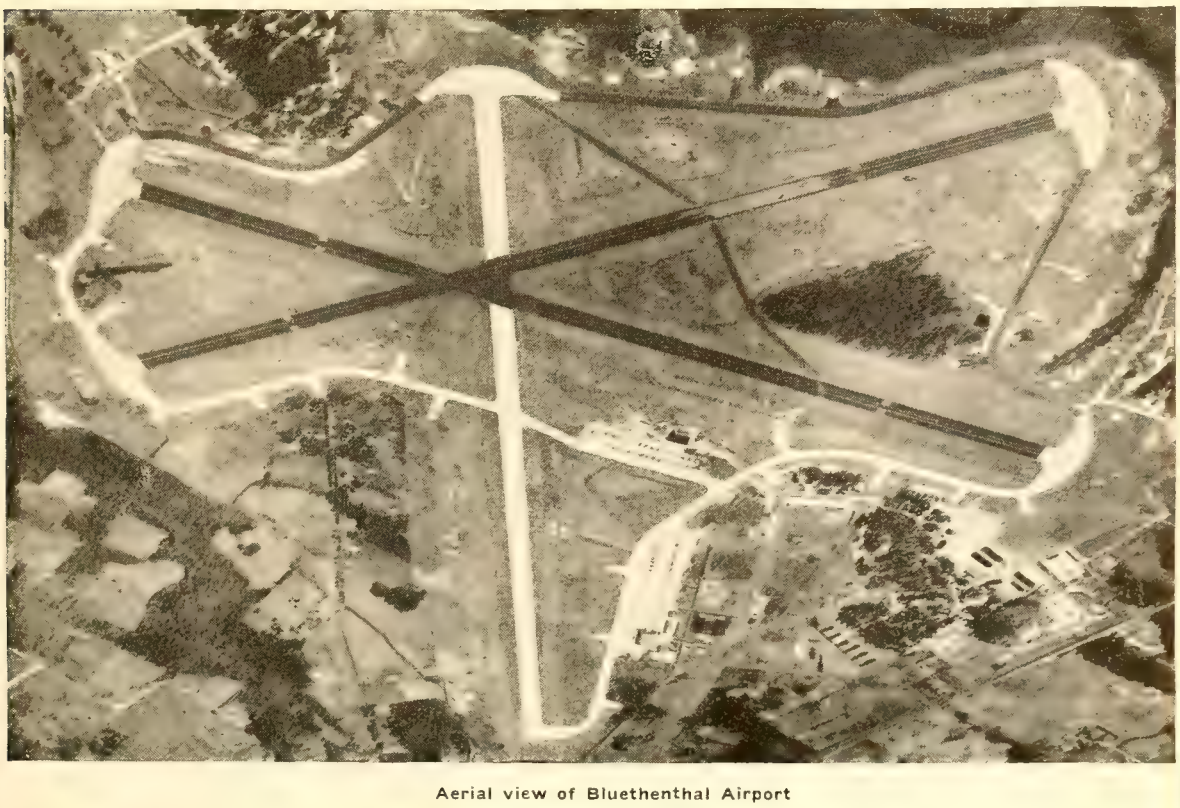

Fishing is enchaned by the activities of the New Hanover Fishing Club, largest organization of its kind in America. The annual Fishing Rodeo, July 1 to Oct. 31, sponsored by the Southeastern North Carolina Beach Association, offers cash and equipment prizes. The proximity of the Gulf Stream and availability of fishing-party boats make deep-sea fishing a popular sport. Waltonites have a choice of casting from pier, boat, strand or sound..

Post-War Years

During the war Wilmington was transformed from a staid city into one of the busiest and most important war-work centers in the entire Southern States. The end of the war left Wilmington at the crossroads. Through efforts of the many progressive business leaders, Wilmington is fast becoming one of the leading industrial and distribution centers in the post-war era. Many new peace-time manufacturing plants have located in this port city area.

Camp LeJeune and Fort Bragg

Camp LeJeune, a permanent U. S. Marine Corps training base, 50 miles northeast of Wilmington, is considered a local enterprise, for Wilmington serves

Aerial view of Bluethenthal Airport

Numerical Telephone Directory

thousands of enlisted and officer personnel from a week-end recreational and trading center. Thousands of soldiers from Fort Bragg, near Fayetteville, also spend week-ends in Wilmington and at nearby beaches.

Gardens

Nature-lovers thrill to the springtime beauty of the azalea and camellia gardens at Orton and Airlie plantations, and the colorful plants and moss-covered cypress at Greenfield Lake Gardens in the heart of Wilmington. All three are open the year round. Annual tours of outstanding gardens are conducted by the Garden Club. Private estates are visited by special arrangement. The annual Azalea Festival is held early in April.

Landmarks and Historic Ruins

Settled in 1730, Wilmington has many famous historical buildings and landmarks, including British General Cornwallis' Revolutionary War Headquarters; several of the oldest churches in America; the church where Woodrow Wilson worshipped as a youth; the birthplace of Whistler's mother; historic Fort Fisher; Orton Mansion, built in 1725; and Colonial church ruins.

Population Increase

Wilmington's population increased rapidly between 1940 and 1945. The U. S. Census of 1940 showed 33,407 within the city limits, while the 1945 estimate (ration books) showed 55,620. In 1940, the New Hanover County population was 47,935; in 1945, it was estimated at 80,000, based on ration board figures. The county population reached over 100,000 during 1942-43. The 1946 official U. S. Census Bureau estimate of the population of Wilmington was 47,483. Present population of New Hanover County is estimated at 75,000 and that of Wilmington is estimated at 55,000.

Building and Development

To house all these new residents, 1942 saw the addition of 7,800 or more new dwelling units. Of these, approximately 6,500 were provided by the U. S. Government. The additional houses were provided by private agencies, and there was a continuing volume of building. This new housing now offers a fine incentive for industrial expansion.

Over $1,500,000 has been invested in an extension of the school system, it

Waterfront scene at Wilmington

being estimated that the recent increase of population added approximately 5,000 students to the rolls. A similar sum has been spent for the extension and enlargement of hospital facilities to care for demands brought about by the addition to the population of the city and county. Approximately $1,500,000 has been applied to reconstruction and enlargement of the municipal water works plant, which work has doubled the pumpage capacity from approximately 5,125,000 gallons to 7,000,000 gallons daily.

Wilmington a Growing Port; Foreign Trade

Wilmington possesses a fresh-water harbor 30 miles from the bar. Ice is an unknown quantity in the river, which has a deep channel, through which go big ocean steamers bound for Europe, Latin America and other foreign shores. The Federal Government recently completed the deepening of the channel in the river to 30 feet at mean low water (with approval of increase to a 32-foot depth and increase of width from 300 to 400 feet), as well as the Intra-Coastal Canal from Beaufort to Wilmington and from Wilmington to Miami, Fla., affording connections with Baltimore, Philadelphia, New York and Boston.

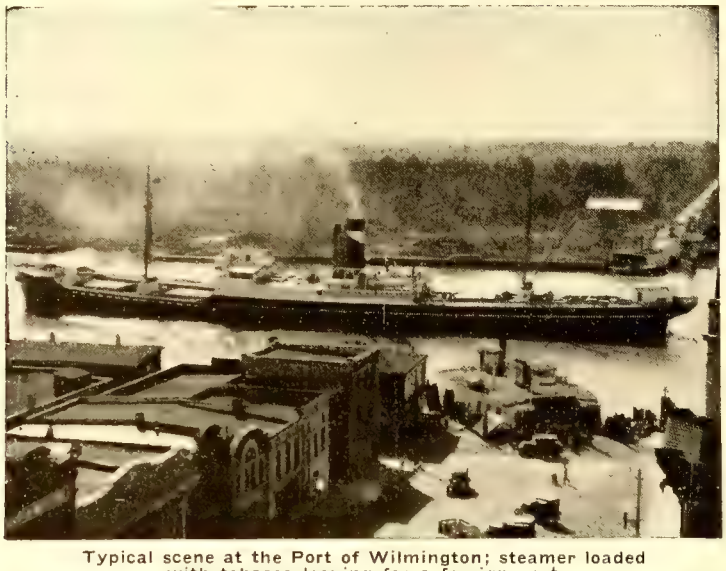

Wilmington's exportations and importations are large and ever-growing,

Sailing races add thrills to recreation at Wrightsville Beach

which mark a successful port. Large quantities of lumber, tobacco, cotton goods, fertilizer, railroad ties, foodstuffs, and other miscellaneous commodities are exported. Its imports cover a large field in variety, and come from practically every quarter of the globe. In imports, Wilmington ranks as the second largest in petroleum and sodium nitrates on the Atlantic Seaboard. Wilmington also imports large quantities of molasses, sugar, mahogany logs, bulbs and seeds, burlap, etc. The N. C. State Ports Authority now is constructing modern, new port facilities including docks, slips, warehouses, etc., with an initial construction cost of $5,000,000. Expected to be completed July 1, 1952.

Wilmington is North Carolina's major seaport city and the gateway of the state's commerce and trade. North Carolina is vast in area, larger than New York or Pennsylanvia, and almost as large as New England. Wilmington is the natural distributing point for North Carolina and parts of South Carolina and Georgia. Think what it would mean if all New England had only one such distributing seaport, and it will then be realized why Wilmington must grow and is growing to meet the demands of this vast territory, the bountiful natural resources of which have hardly been touched. From the Middle West the Panama Canal possibly is in more direct communication via Wilmington than

Typical scene at the Port of Wilmington; steamer loaded with tobacco leaving for a foreign port

by any other South Atlantic seaport, and cargoes to and from Wilmington are not subject to the dangers of Cape Hatteras.

Wilmington is the nearest Atlantic port to the Ohio gateways, and nearer Cincinnati than Charleston by 15 miles, and Savannah, by 30 miles.

The city has immense terminals which can load 16 ocean-going ships at one time, providing them with over 600,000 square feet of warehouse space.

Commerce on the Cape Fear River at and below Wilmintgon amounted to 2,823,614 tons in a recent year. This shows a satisfactory and continuing increase in volume, and indicates the growing importance of the Port of Wilmington.

South of Hatteras, thus assuring safety to vessels from Latin-American and other countries to the south of the U. S., this port occupies a strategic position of advantage to those countries.

Wilmington has become a new and important inland waterway canal ter-

Looking down the strand on a busy day at Wrightsville Beach

The municipal building of the City of Wilmington is more than eighty years "young," and attracts the attention of all visitors because of its graceful design and attractive proportions.

minal since the completion, in the spring of 1932, of the extension from Beaufort to the Cape Fear River. This link provides accommodations for heavy traffic over a protected inland channel twelve feet deep and 90 feet wide, connecting up with points as far north as New York and Boston, and Miami, southward.

Industry, Transportation, Trade, Agriculture

Wilmington has two immense cotton compresses and two marine railways. The steel shipyard operated during the first World War by the George A. Fuller Co. has been converted into an industrial center. The concrete shipyard property is owned by the City and will be developed into municipal wharves and public terminals and warehouses. This has been offered the State of North Carolina as a location for state-owned terminals and warehouses, whenever such are necessary. Wilmington now has one of the finest and most efficiently operated systems of private terminals at any Southern port, and the city's principal stevedoring corporation holds the record for all South Atlantic ports for quick dispatch of cargo.

With both water and rail transportation, thus affording quick hauls and low freight rates, and near the sources of raw materials, Wilmington is a splendid spot for manufacturing industries. Two big railroad systems—the Atlantic Coast Line and the Seaboard Air Line—place the city near the great coal fields

For disciples of old Isaak Walton, the salt and fresh waters in the Wilmington area prove sources of recreation and enjoyment, combined with catches of fish of varied species

Numerical Telephone Directory

These pictures of the unusual program at Inversheil Farm, near Wilmington, demonstrate the ease of having year-'round pasturage for economical production of milk. Crimson clover, lespedeza, giant white Dutch clover, and crab and Johnson grasses have lush growths

and iron-producing zones.

Wilmington's outlets by rail and water are the Atlantic Coast Line and Seaboard Air Line systems; the Wilmington, Brunswick & Southern Railroad; the North Carolina Line; the Norfolk, Baltimore & Carolina Line; the Railway Express Agency, and foreign service. The two boat lines mentioned, each operate two services each week over the Intra-Coastal Canal between Wilmington, Norfolk and Baltimore.

Wlmington is the center of one of the greatest vegetable-producing districts in the U. S. It produces nearly $18,000,000 in early crops, bulbs, flowers and truck.

Comparatively few years ago no strawberries were raised except for domestic use; now Wilmington is the center of one of the largest strawberry-growing districts in the world. It is one of the largest lettuce-producing districts also, and a very large vegetable and peanut market (250 growing days per year, and equable rainfall).

Wilmington is the headquarters of the Atlantic Coast Line system, employ-

Orton Mansion, in Brunswick County, sixteen miles below Wilmington, was built by "King Roger" Moore in 1725. This splendid estate has been developed into one of the most magnificent camellia and azalea gardens in the South, and attracts thousands of visitors each season.

Numerical Telephone Directory

ing locally about 1,750 men and women. The monthly payroll of the Coast Line is nearly $300,000.

Wilmington is the terminus of six major highways of North Carolina's splendid good roads system, and the city also is an important point on the Ocean Highway extending rom Portland Maine, to Miami, Fla.; the Calhoun Highway from Athens, Ga.; the Dixie Highway from Memphis, Tenn., to the ocean at Wilmington, and U. S. Routes 17, 74, 76, 117 and 421.

Regardless of conditions, the past few years have witnessed big building operations. Among recent enterprises located here are several large fertilizer factories, Gulf States Creosoting Co., Taylor-Colquitt Co., manufacturing creosoted products; Atlantic Refining Co., American Molasses Co., Southland Mfg. Co., Nehi Bottling Co., Pepsi-Cola Bottling Co., Standard Oil Co., Texas Co., Gulf Refining Co., Cities Service Co., Pure Oil Co., National Oil Co., Shell Oil Co., Sinclair Oil Co., Republic Oil Co., Babbcock & Wilcox Marine Boiler Mfg. Co., Riegel-Carolina Paper Mfg. Co., Emulsified Asphalt Refining Co., Port City Hosiery Mills, France Neckwear Co., Smith-Douglas Fertilizer Co., Socony-Vacuum Oil Co., Robertson Chemical Co., Mexican Petroleum Co., shrimp-canning plant, large plush and velour textile mill, Steel Products, Inc., Cape Fear Cold Storage Co., Carolina Asphalt Co., International Paper Co., International Nickel Corp., Garver Shirt Mfg. Co., and Burt Paper Box Mfg. Co., thus supplementing the city's already large number of such industries.

The Wilmington-New Hanover Airport is an exxceptionally good one, with three intersecting paved runways of 7,000 feet in length. The Government spent approximately $11,000,000 in enlarging and improving this facility during the war, and at this time it is equipped to handle practically any type of ship. A brifef description of the field follows: Area, 1,200 acres. Hangars, one of wood construction and one of metal construction. Repair shops, three, built of steel, and several operational buildings. Type of field, sod. A radio beam is now being installed at the port. The airport is located within 3½ miles of the center of Wilmington, and is reached by paved highways from either side. Two commercial air lines operate from this field; one is a north-south line, and the other, east to west. The operation and management is now under the jurisdiction of the County Airport Authority.

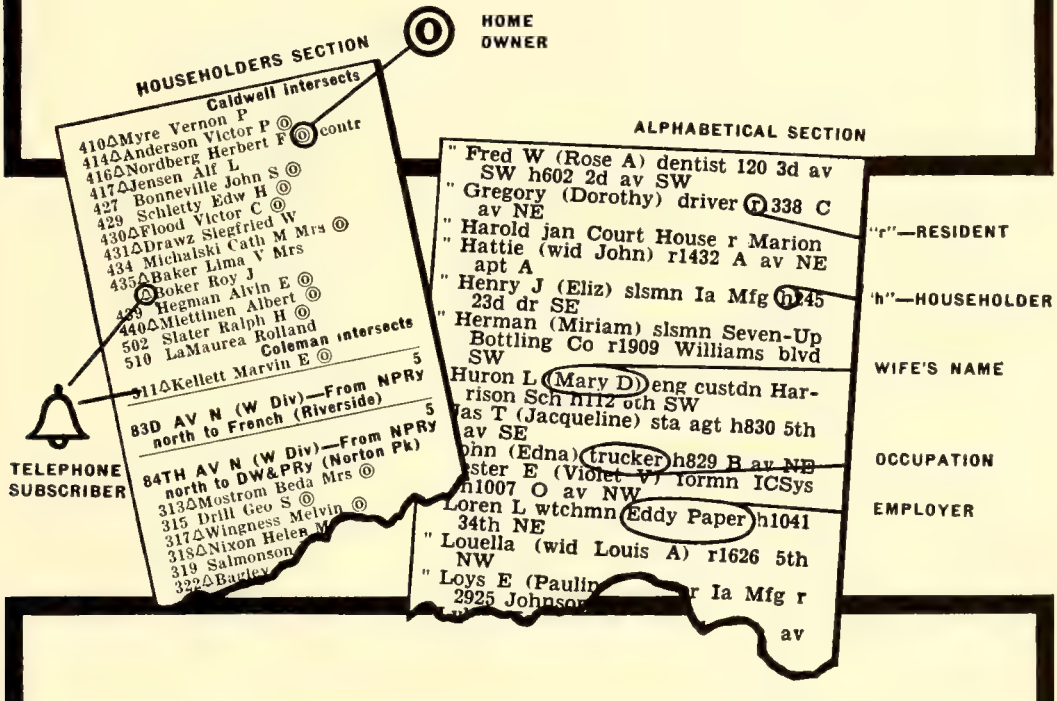

An Ideal Place to Live

Wilmington has a wonderful climate; no extremes of heat or cold. Average summer temperature, 78 degrees; average winter temperature, 48 degrees. The normal rainfall is 53 inches; average annual clear days, 132 (New York rainfall, 44 inches; clear days, 118. New Orleans, rainfall, 57 inches; clear days, 109). The mild climate and diversified opportunities make this city and section a haven for homeseekers.

Wilmington is a city of fine streets and parks, attractive homes, beautiful churches and modern schools, in a county netted by good roads. It is a place of up-to-date amusements, with some of the best beach resorts on the South Atlantic Coast within thirty minutes' ride of the city. Wrightsville Beach, eight miles east of the city, is an island resort of fame and renown. It is connected with the mainland by excellent half-hour bus service and causeway to Harbor Island just west of the beach. Carolina, Wilmington and Fort Fisher beaches, south of the city, are mainland resorts with many delightful attractions. Wilmington's five fine beaches are among the only mainland resorts on the North Carolina coast where one can drive directly to the ocean in an automobile. The five beaches attract approximately 100,000 visitors every summer.

The Wilmington Chamber of Commerce, P. O. Box 698, welcomes the opportunity of answering questions about the city, the county and the fine beaches. Write the Chamber of Commerce for any information needed. You are assured of prompt, cordial and co-operative service, geared to a program of community development.

DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

KNOW YOUR DIRECTORY SYMBOLS

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

MERRITT-HOLLAND SUPPLY CO., Inc.

YOU CAN COOK easier and faster on a smart, modern gas range. Keep food fresh and tasty in a silent gas refrigerator. Make household tasks lighter with an automatic gas water heater that gives you a constant hot water supply for every need. Keep your rooms cozy and comfortable with a reliable gas heater.

PYROFAX Gas is simple to install . . . no wiring, no tanks to buy. And you always have a supply on hand . . . wherever you live, whatever the weather. See us today . . . let us show you the way to better living with money-saving PYROFAX Gas!

GAS IS *ECONOMICAL • FASTER • CLEANER MORE FLEXIBLE • MORE DEPENDABLE*

Out of Sight!
Out of Mind!
Out of Business!

☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

CAUTION . . . . .

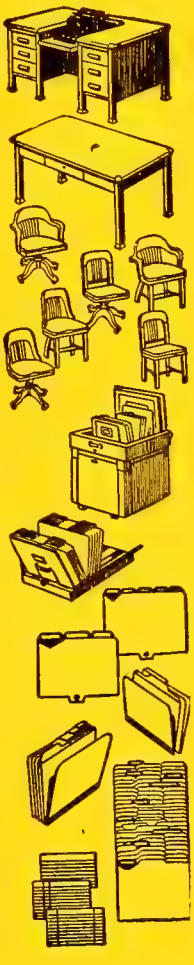

☆

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

New High!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future —these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

CITY DIRECTORY USAGE SOARS TO

New High!

Post-war relocation of millions in their permanent homes; re-adjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

HILL'S

WILMINGTON

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including A Complete Street and Avenue Guide

1952

INCLUDING

Audubon, Edgewood, Foxtown, Garden City, Highwood Park,

Copyright, 1952, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order, followed by the named streets arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The △ preceding names denotes houses and places of business having telephones.

Figures in parenthesis denote old numbers.

(c) denotes colored.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CITY DIRECTORY USAGE SOARS TO

New High!

Post-war relocation of Millions in their permanent homes; re-adjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

MORE PEOPLE *See* CITY DIRECTORY ADS!

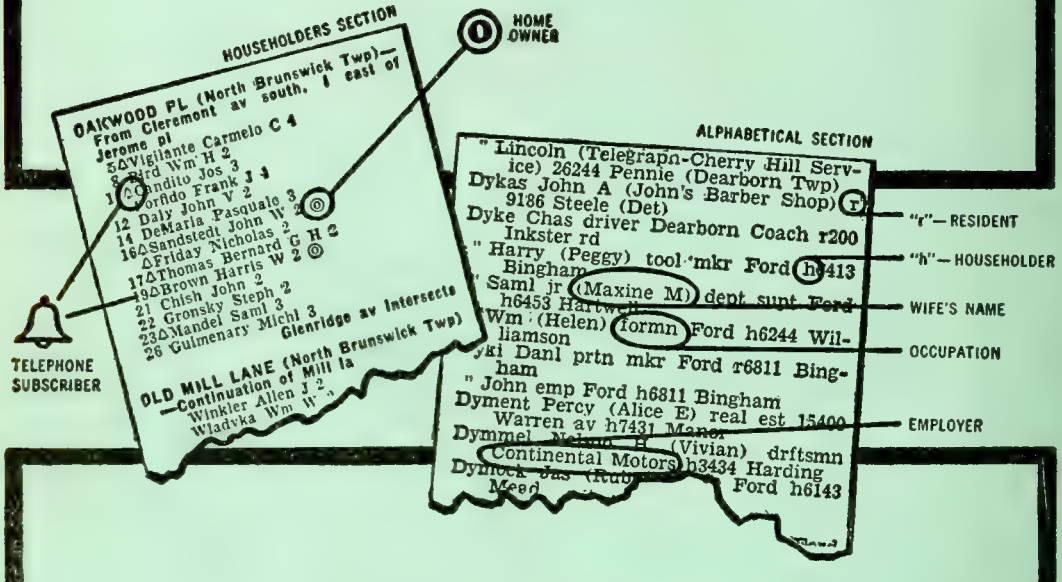

VITAL INFORMATION AT YOUR FINGER-TIPS!

• Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is up among regular subscribers.

More People Are

SEEING CITY DIRECTORY ADS

DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

KNOW YOUR DIRECTORY SYMBOLS

CHERRY HILL STATIONERS
Numerical Telephone Directory
200-299 Princess

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Numerical Telephone Directory

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*
